NEW MOVEMENT IN BOSTON.

Regic Citisety of "The Hub" Contending tot an Equal Chance and Fair Play-Objection to Placing all in a Single Claas.

Boston, Mass. Special.—The 91st anpiversary of the birth of Abraham Lincoln was observed Monday evening at Young's Hotel, by the successful launching of a new movement in the interest of the Negro. The purpose, as senounced in a circular calling the

"To call the attention of the country to the great danger which threatens the progress of colored people, seen in the clear tendency of public opinion to put all colored people in into a single class, and to prescribe for all the individuals in that class the same education, regardless of differing tastes. characters, aspirations and ability; and "To urge the safer and more just maple of giving to each colored an an educational opportunity comensurate with his character and nlity, that he be rated according to is individual merits as a man, and hat he be given a chance to render ervice in every field of activity for which his talents and education fit

About one hundred of the leading colored men of the city were present, together with Hon. Thomas N. Hart, Mayor of Buston; Hon. Albert E. Pillsbury, President Horace Bumstead of Atlanta University, Col. N. P. Hallowell, George C. Branford and J. M. Hallowell

Mayor Hart said that he believed in equality for all.

"As to the incressed desire for high er education for the colored peoplebelieve in that, the same as I believe in it for the white boy. All the white boys are not fightlug for that, and they won't get there. As for the colored boys, I will say that if you im prove your opportunities, you will have an equal chance in higher education. I will say further, that every boy of your race or mine that deserves to have the higher education will get it and cannot be kept from getting it." He said that he would be glad to see them at the City Hall, though he did not promise to give each man an office.

Builer R. Wilson said that the occa sion for cool judgment, intelligent organization of resources and a proper regard for fair play and justice, backed up by fair deeds were never more urgent than now. The object of the meeting, he said, was to stimulate in our countrymen the duty of giving to every citizen an education commensurate with his character and ability, a fair field in which to use it, and to set our faces now and for all time against the undemocratic, un American and perilous idea of putting all American emzens who happen to be black into a single chars and then giving to each individual in that class the same edu-

W. H. Lewis, a Harvard graduate,

"Today we are engaged in the struggle for emancipation from the still more galling chains of ignorance and un American prejudice—an ignorance as dark and dense as the continent from which our ancestors came, 8 prejudice which meets us at every turn in life. We need leaders of our race who will lead the advance and not the letreat, for the race has suffered more in the last ten years from half-educated leadership than from all other causes combined " He believed that the training which sufficed for the ordinary white man was not sufficient for the Ordinary Negro.

President Bumstead, of Atlanta, said It was evident that the Negroes have in their highest class and in the aspiring members of the middle class a

tremendous instrumentality for their self-regeneration. It was also clear that that form of outside help in Negro elevation, is most promising which strengthens the more potent forces for good already developed in the race.

W. Munroe Tretter protested against all discrimination on the ground of color or of class. "Justice demands," he said, "that the Negro be not restricted in his educational opportunities and that he ought to have the same privileges as white men.

The meeting accomplished more for the breaking down of prejudice in this city than any of its kind that have ever been held. The speakers were the most prominent colored and white men of the city, and seemed to be heartily in favor of all that was said.

HOME FOR AGED COLORED PEOPLE.

The Pastor of Tenth Street Baptist Church Outlines a Plan Therefor-Our Aged and Infirm go the Alms House-Something Should be Done.

Rev. S. Geriah Lamkins, pastor of the Tenth Street Baptist church in a long letter to the District Commission. ers, has submitted an outline his ideas of the necessity of a home for aged and infirm colored people, the organization of which he proposes to advocate. He requests the advice of the municipal authorities as to the best method of raising funds therefor -whether to seek an appropriation from Congress or first to ask help through the medium of private subscriptions. Rev. Lamkins suggests that the institution shall be known as the Chester A. Snow Home for the Aged and In firm Colored People of the District of Columbia. The object of the promoters is to provide a place of refuge and shelter for such aged colored people of the District as may be found worthy by the proper authorities. He suggests the following trustees of the home: President, Rev. S. G. Lamkins; Hon-John W. Ross, Col. L. M. Saunders, Andrew Gleason, Perry H. Carson, Col. M. M. Parker, Horatio N. Toplin, and Daniel Murray, said trustees to meet annually. It shall be the duty of the trustees to hold in trust the following described property: Lot 18 of square 58, fronting 60 feet on Champlain avenue northwest, running back to a depth of 120 feet. Rev. Lamkins further suggests the following board of managers, who shall hold office until their successors shall have been elected: Rev. D. F. Rivers, Rev. S. N. Brown, Rev. Daniel E. Wiseman, Rev. George Lee, Rev. I. L. Thomas, Rev. William V. Tunneil, Rev. W. Bishop Johnson and Rev. Frank J. Grimke. A secretary and treasurer shall be elected annually by the board of managers. It is pro yided that no person shall be refused admission to the home on account of race, color or religious belief, and persons from any state in the Union are eligiole for accommodation. Other provisions for the management and regulation are detailed quite minutely. The Commissioners have taken the matter under advisement and are awaiting evidence as to the necessity for such a home. It is understood that Mr. Herbert W. Lewis, superintendent of charities is in sympathy with the pro ject. He von hes for the necessity for a home for aged Negroes as at present all such persons are sent to the aims house and it is the popular impression that life in that place is far from being a bed of loses. It is hoped that something tangible will result from the several efforts being made to secure a home for our old and infirm poor, The matter

should be pushed.

Broklyn. August, 15, 1891—This letter is to certify that I came to New York from Alba ny. I was a stranger in a strange city, out of work and out of money. I had no luck in anything I undertook. What to do I did not know. A friend advised me to go and see Dr. Shea. I did. He told me the cause of my troubles; he took me in and treated me as a brother. Through him I got a good position that very week. I had been to others, they took my money and did me no ooa. I bless the day would advise all in bad luck, sick or in trouble to go to him at once, Sincerely,

Brooklyn, August 15, 1891-This letter is to certify that my husband had gone away and had been absent two years. I mourned for him night and day. I gave him up as dead. Hearing of the wonderful things Dr. Shea was doing I resolved to consult him. He told me that my husband was alive and well and where he was; told me he would come home and when. To my joy all of it came true. He is home now, came back like one from the dead, I also wish to say that this month I lost \$250. I am a poor woman and I was almost insane. I went to Dr. Shea and he told me I would find my money and to my intensel oy I find It as he told me. I thank God here is a man so gifted in our midst, that can help reople and tell them what to do, Mrs. Mary Miller, South Plainfield, N J

A SENSATION IN BROOKLYN-MINISTER'S STATEMENT

I wish to state that one of my parishioners was sick and in trouble for a long time, Mrs. Brown, 37 Gay street. No one seemed to understand her case. She had several dectors but none of them seemed to know what was the matter. None could do her any sood. It was my duty as her pastor to call and see her. Hearing of the wonderful work being done by Dr. Shea the last few years, I thought a light and see him payed. I would call and see him myself. I found him a sympathetic gentleman. He gave me a vonderful test of his powers, told me to send nim a lock o. patient's hair, which I did by her daughter. He told at once what was the matter, and in a short time cured her sound and well. Her family had seemingly been and well. Her family had seemingly been under a cloud. Now all is changed. All are well and prosperous. I can truly and heartly recommend Dr. Shea, to all those in sickness or distress of any kind. Rev. William John-son, rastor Lebanon church, Brooklyn.
